Re: Consent Order: In the Matter of Arizona Department of Transportation Facilities Regulated Under the APP and AZPDES Program, Docket No. P-12-04, January 31, 2004.

SUBMITTAL: ADOT Statewide Storm Water Management Plan and Accompanying Guidance Manuals

Dear Ms. Kilgore:

In compliance with the above-referenced Consent Order, the Arizona Department of Transportation (ADOT) is pleased to submit the following ADOT documents to the Arizona Department of Environmental Quality (ADEQ):

- Statewide Storm Water Management Plan (SSWMP)
- Erosion and Pollution Control Manual
- Storm Water Monitoring Guidance Manual for Construction Activities
- Storm Water Monitoring Guidance Manual for MS4 Activities

These documents provide the framework for the ADOT storm water management program, as required by the current Arizona storm water general permits. ADOT continues to make progress on its Individual AZPDES Permit Application due March 1, 2005.

ADOT appreciates the support and guidance provided by ADEQ staff throughout this process and looks forward to receiving ADEQ's review and approval of the ADOT SSWMP by March 14, 2005, as outlined by the Consent Order Storm Water Action Plan (Exhibit 3).

If you have any questions regarding ADOT's submittal, please contact me at 602.712.8274.

Sincerely,

Douglas Forstie, P.E.
Deputy State Engineer
